From the Head Teacher

Dear Parents/Carers,

Hope you had a wonderful week with your children and enjoyed spending time doing some fun things. The children were told to spend some of their holiday revising and practicing their multiplication facts on TTRS. So many of our pupils left with prizes at the end of half term due to their hard work and commitment to learning the timetables. We would love to reward others so please encourage them to go on line and keep learning.

Finally, please encourage your children to read, read and keep reading. Our new 'Reading Eggs' initiative is just what is needed to encourage reading. We need to make sure every child is given the very best opportunities and through that, fall in love with exploring the different worlds in books.

International Women's Day

In celebration of international women's day 2020, 3 girls from our school went on a trip to Lear Corporation.

They learnt a poem off by heart beforehand and recited this poem in front of 70 influential women. The pupils were very clear and managed to project their voices well. Their level of confidence was amazing.

Lear Corporation staff gave each child a £15 book voucher and a huge pack of chocolates! Well done girls we are really proud of you!

Advice on the coronavirus for places of education

How serious is the coronavirus?

- It can cause flu-like symptoms, including fever, cough & difficulty breathing
- the infection is not serious for most people, including children
- there is currently no vaccine
- most people get better with enough rest, water to drink and medicine for pain

How likely are you to catch the virus?

- you can only catch it if you have been close to a person who has the virus
- the chance of being in contact with the virus is currently low in the UK
- if you have travelled to areas where many people are infected, your chance of catching the virus is higher, i.e. China and any affected areas

How can you stop coronaviruses spreading?

If you need to cough or sneeze

You should wash hands with soap & water or hand sanitiser

- Try not to touch your eyes, nose, and mouth with unwashed hands

- Do not share items that come into contact with your mouth such as cups & bottles

- If unwell do not share items such as bedding, dishes, pencils & towels

Stop germs spreading with our e-Bug resources on hand and respiratory hygiene lesson plans for KS1, 2 and 3: campaignresources.phe.gov.uk/schools

What should you do if you feel unwell?

Keep away from others and stay at home to stop the infection spreading. Avoid public transport if you think you have symptoms of coronavirus. If you become unwell at a place of education, tell a member of staff and let them know if you have travelled to any other countries in the last 14 days.

If your staff member or parent thinks you have symptoms of coronavirus, they should call NHS 111 for advice. Follow the UK Government advice for childcare or educational settings gov.uk/government/publications/guidance-to-educational-settings-about-covid-19. Parents can visit [NHS.UK](https://nhs.uk) to find out more information. Teachers and support staff should follow the UK Government advice.

Staff, students and pupils who have returned from Iran, specific lockdown areas in northern Italy, special care zones in South Korea or Hubei province China (returned in the past 14 days) should self isolate, and NOT attend education or work for 14 days. See [NHS.UK](https://nhs.uk) for advice on coronavirus.

If there is an emergency, call 999 immediately
