From the Head Teacher

Dear Parents/Carers,

I would like to thank all the parents who are following the Government guidance on wearing face coverings. Whilst we have had to remind some parents, we are pleased that most parents are working with us to keep you, your families and everyone in school and the wider community safe.

Can I also remind all parents that drive their children to school to please park away from the school entrance and walk the final part of the journey. Oliver street gets very congested especially at the start and end of the school day and our priority must always be to keep our pupils and their families safe.

Mrs. Sofina Islam OBE
Headteacher & NLE

PE KIT for Year 4,5 and 6

Due to the Covid 19 situation school has decided that on PE days for years 4,5 and 6 the pupils can wear their PE kits to school. (They keep their PE kits on all day). This is because we do not have suitable changing areas as pupils must remain in their class bubbles as per Government guidance.

Please ensure they have appropriate clothing for the weather (no shorts) and wear school colours.

One Way System

Please note **school gates open at 8.30am.**

Please remember, when following the one-way system, drop off your youngest child first, before moving around to the older year groups.

All Classroom **doors will close promptly at 8.45 am.** Classroom doors are open from 8:40am. If you're late, you will have to report to the front office.

Drinks

Parents just a quick reminder when you send your children into school with drinks. Please only send water. It is also a good idea to clearly write your child's name on the water bottle.

New Pre-Entry ESOL project

LEAP offers a formal 12-week Pre-entry ESOL course that also provides Information, Advice & Guidance sessions, signposts clients & supports them in finding volunteering or other progression opportunities.

There is also complementary Informal language learning via social activities including Conversation Clubs, dancing & cooking sessions.

LEAP is targeted at clients from long established communities that have little English but want to develop this skill for everyday life, such as for talking to a GP or their child's teacher. They must not be in work.
