Wednesday 16th June 2021

Dear Parents/ Carers,

This year, pupils at Stanton Bridge will celebrate the Olympics by taking part in 2 days of activities and workshops linked to this global sporting event.

On Wednesday 23rd and Thursday 24th June 2021 pupils from Nursery to Year 6 will learn all about the Olympics. They will study the country they have been allocated as their team to follow as well as take part in Olympic themed sports activities and a workshop delivered by an outside agency. Please ensure that pupils have their PE kit in school for both days.

On Thursday 24th June 2021 all pupils are invited to come into school in clothes linked to the country they are studying (see below). This could be something simple like the colours of the National flag or a Traditional or creative outfit! Staff will also be dressing up for the occasion!

We will take lots of photographs on the day so make sure you check our website and Twitter feed!

The countries each year group will study are:

- Nursery: England
- Reception: China
- Year 1: Brazil
- Year 2: South Africa
- Year 3: Spain
- Year 4: Russia
- Year 5: India
- Year 6: Germany

I would also like to set a challenge to pupils across school! Complete research at home about the Olympics and create a presentation – this can be as creative as you like! Bring it into school by Friday 25th June and we will choose some winners, their work will be displayed in school, on our website and Twitter...Good luck!

Kind Regards

Stacey Cooper
Deputy Headteacher
