

Stanton Bridge Primary school

Sport premium grant funding.

Background

The government is continuing its provision Primary school sport funding this year. This funding is being jointly provided by the Department for Education, health and culture, media and sport and will see money going directly to primary school head teachers to spend on improving the quality of sport and PE for all their children/develop healthy lifestyles.

The purpose of the funding is to enable schools to improve their provision of PE and sport, but schools will have the freedom to choose how they do this.

Allocation for 2020/21

Funding for all schools will be calculated by the number of primary aged pupils [between the ages of five and 11] as of the annual census. Based on a full year all schools with 17 or more primary aged pupils will receive a lump sum of £16,000 plus a premium of £10 per pupil. Smaller schools will receive £1000 per pupil.

Accountability.

Schools will be held to account for how they spend the sport funding. Ofsted has strengthened its coverage of PE and sport within the inspectors' Handbook and supporting guidance, so that schools and inspectors know how sport and PE will be assessed in the future as part of the school's overall provision offered. Schools must publish, on their website, information about the use of PE and sport grant allocation.

Schools should publish the amount of grant received; how it has been spent (or will be spent) and what the impact the school has seen on pupils PE and sport participation and attainment as a result, to help ensure that all pupils develop healthy lifestyles.

Academic year 2019/20

The school received a grant of £19,430 for Primary school sports in the academic year 2019/20. The money was used in a number of different ways to support the provision of improved quality of sports and PE and its impact.

How we spent the funding:

Activities/Initiatives selected	Cost (Approximate)
Swimming sessions (On site temporary pool)	£3500.00

Competitions and events (Internal & External)	£500.00
General Sports Equipment & maintenance	£600.00
Health and Well-being clubs	£10,000.00
Total	£14,600

Impact of primary school sports funding 2019/20

Ofsted has strengthened its coverage of sport and PE within the inspectors Handbook and supporting guidance, so that schools and inspectors know how sport and PE will be assessed in future as part of the schools overall provision offered.

Note: Impact measured up until March 2020, when schools were closed by the Government due to Coronavirus.

In the academic year 2019/ 20 the average progress of our children in sport/PE was further improved compared to the previous years. This was due to the continued provision of

- General fitness coaching/ activities.
- Before school activities: activate, breakfast club sports.
- Structured playtime and lunchtime activities (for all ages).
- Targeted lunchtime activities led by a sports coach.
- Sports clubs after school.

From September 2019 all people premium pupils were able to access the coaching for free. As a result, pupils have: shown increased fitness levels, become healthier through changing lifestyle and fitness choices, lead more active lifestyles in and out of school, engaged in a wider range of activities and showed a greater level of enthusiasm for sports and PE.

A health and fitness club ran during school time for pupils identified as needing extra support with healthy eating and exercise. The aims of these sessions were to improve the general physical and mental wellbeing of pupils through the benefits of exercise and to develop an awareness of healthy eating and leading a balanced lifestyle. The impact of these sessions were positive but were not fully evaluated due to the Government closure of schools.

By the end of year 6, pupils are expected to be able to swim 25 metres unaided. In the 2019/20 academic year, Stanton Bridge moved swimming lessons from weekly to daily within a 2-week intense course. To alleviate the time spent travelling, a temporary pool was to be installed on the school playground where pupils would have the opportunity to swim in smaller groups with qualified instructors.

This year, 6 pupils were unable to complete their course of swimming sessions due to national schools closure. Based on previous year 5 data, we estimate that:

Pupils swimming 25m unaided – July 2020.	42%
--	-----

Academic year 2020/21

Indicative funding is £19,340. Roll over money from 2019/20 is: £9000

This money will be used in a number of different ways to provide improved quality of sports and PE for all pupils

How we plan to spend the funding:

Activities/Initiatives selected	Cost (Approximate)
Swimming sessions (On site temporary pool) <ul style="list-style-type: none"> - Swimming sessions to be onsite to avoid additional time spent travelling to leisure centre. - Focused lessons for those with little to no swimming skills. - Focused lessons to further develop those with stronger skills. - Introduction of Stanton Bridge swimming awards. COVID restrictions dependant.	£0 (paid in 2019/20 academic year but cancelled due to Covid)
General Sports Equipment & maintenance <ul style="list-style-type: none"> - Ensuring all equipment is safe for use. - Purchase additional equipment to ensure there is sufficient for 1 per pupil where covid restrictions apply. - Specialist equipment for SEND pupils to enable participation. 	£500.00
Playground equipment <ul style="list-style-type: none"> - Individual playground equipment resources for bubbles to ensure physical activity and engagement in line with COVID restrictions and risk assessment. 	£1,500
Bikeability course <ul style="list-style-type: none"> - Key initiative to ensure pupil safety when riding bikes. - Introduction of course for years 5 & 6 - Equipment needed due to lack of personal safety equipment and appropriately sized bike in the family home. - Purchase will include: Course, Bikes, Safety equipment, Storage. - Additional funding support to be sought from outside agencies. 	TBC £10,000
