

Stanton Bridge Primary school

Sport premium grant funding

Academic year 2023/24

Background

The government is continuing its provision Primary school sport funding this year. This funding is being jointly provided by the Department for Education, health and culture, media and sport and will see money going directly to primary school head teachers to spend on improving the quality of sport and PE for all their children/develop healthy lifestyles.

The purpose of the funding is to enable schools to improve their provision of PE and sport, but schools will have the freedom to choose how they do this.

Allocation for 2023/24

Funding for all schools will be calculated by the number of primary aged pupils [between the ages of five and 11] as of the annual census. Based on a full year all schools with 17 or more primary aged pupils will receive a lump sum of £16,000 plus a premium of £10 per pupil. Smaller schools will receive £1000 per pupil.

Accountability

Schools will be held to account for how they spend the sport funding. Ofsted has strengthened its coverage of PE and sport within the inspectors' Handbook and supporting guidance, so that schools and inspectors know how sport and PE will be assessed in the future as part of the school's overall provision offered. Schools must publish, on their website, information about the use of PE and sport grant allocation.

Schools should publish the amount of grant received; how it has been spent (or will be spent) and what the impact the school has seen on pupils PE and sport participation and attainment as a result, to help ensure that all pupils develop healthy lifestyles.

Indicative funding is £19,340.

This money will be used in a number of different ways to provide improved quality of sports and PE for all pupils
